March MAPness

Data Set Description:

I have chosen Super Shop Dataset from Kaggle which gives information about different shops around the USA.

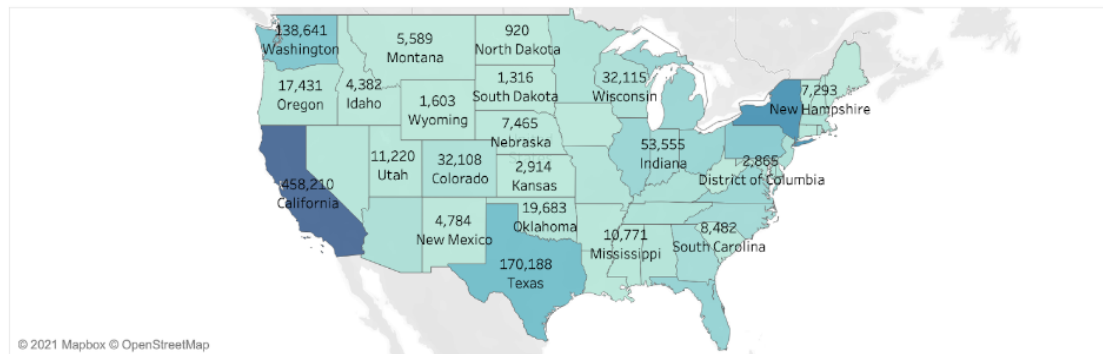

It consists of 13 columns:

- Ship Mode
- Segment
- Country
- City
- State
- Postal Code
- Region
- Category
- Sub-Category
- Sales
- Discount
- Profit
- Quantity

Refer Next Page for the Map Chart.

State Wise Sales (US)

State Wise Profits (US)
